CLASSIC CLASS

Let's build the exclusive display base.

1. **Align the holes for easier pasting.**

2. **Pay attention to the orientation of the sticker.**

3. **Let's build the exclusive display base.**

Please read the manual and attentions carefully before building.

1. **Check the serial code marked on the Runners.**

2. **Please confirm the serial code of parts for each piece.**

3. **Some parts may have sharp ends, please be careful when handling.**

Instruction and packaging must be retained since it contains important information.

Some parts may have sharp ends, please be careful not to get injured when building and playing.

Tools and paint are not included.

CHARACTER PROFILE

BUMBLEBEE

FACTION: AUTOBOT **FUNCTION:** AUTOBOT SCOUT

HEIGHT: Approx. 3.81M

ALT MODE: Chevrolet Camaro (1977)

SYMBOL: AUTOBOT MAIN WARRIOR

Bumblebee battles with an enthusiasm driven by his commitment to protect his friends and fight for the greater good of the universe. A trusted Autobot scout, he brings speed and bravery to every battle and every mission. Off the battlefield, Bumblebee is charming, optimistic, and a true adventurer, befriending bots and humans alike. Optimus Prime and the Autobots know they can trust Bumblebee with their lives.

Morphological transformation

Replace the breastplate parts to build the Scourge-Bumblebee combination scene.

Two types of gestures are optional!

Follow the steps to replace hands with weapons.

Pay attention to the position of the sockets.

Pay attention to the insertion direction of the ball stud. Hearing a "click" sound indicates that the part has been correctly installed.

If you need to build a Scourge-Bumblebee combination scene, please replace part C1-14 with part C1-9.

The pictures in the manual are for reference only.
